Q3

What other public facility or community needs that should to be considered, if any? Please describe below.

- 1) More parking and/or parking structures around downtown. We do not need more condominiums! We need safe parking areas.
- 2) FIX the horror of the Gold Line crossing Myrtle Ave!!
Make a plan to have the Gold line go underground or above ground like in Arcadia (crossing Second Ave)!
- 3) Make flashing lights in the street surface at the crosswalks in the downtown area, so drivers get alerted to people crossing the street. (like Brand Blvd in Glendale).

Activities and Programs related to the Station Square Park. It was supposed to be a major community center and aside from a summer concert series (yay) and occasional pay-to-attend drinking festivals (okay, I guess), there isn't very much happening at Station Square from a city standpoint. Why no tenant in the restaurant space at the Depot?

Q3

What other public facility or community needs that should to be considered, if any? Please describe below.

We don't need a community center. We need to keep existing commitments by paying pensions and make the community healthier and more sustainable for a growing population and warming climate. Consider incentives for residents and businesses to increase water conservation/stormwater recapture and move toward zero waste; prioritize free local transit rides for indigent residents over commercial interests, particularly subsidized trips to downtown; plant more trees (especially female trees to reduce/capture allergenic pollens); allow more forms of infill development in multifamily zones (including garage conversions) and commercial zones (mixed use--commercial vacancies from "retail apocalypse" could be repurposed as needed housing); allow a greater variety of shade structures, including over driveways adjacent to houses, to help reduce energy consumption for cooling; allow parking pads in residential zones (driveways that don't lead to garages) to relieve parking congestion; etc.

Have the Monrovia Canyon Park cabin be more affordable to rent. Also, I know this is not part of Measure K but on another note, why can an entrance fee be charged for walk-ins to Monrovia Canyon Park since presently they do not pay to enter since they park on the streets but they DO use the park trails, restrooms, etc. for free?

Q3

What other public facility or community needs that should to be considered, if any? Please describe below.

Areas south of Huntington need improvements in wayfinding (marking addresses and streets better), additional crosswalks at convenient crossing locations for pedestrians, and sidewalks are in poor repair. Improvements in street lighting are needed in many areas, especially at intersections, like most cross streets along Magnolia. It's too dark at night in most neighborhoods.

I'm unsure if this is correct, but I've heard a camera system was installed to monitor vagrancy and vandalism issues in the park, particularly drug use. However, I'm told there is no funding for monitoring or enforcement of drug use, defecating in the park, etc. It seems visible and rampant in Library Park. Is there an opportunity to fund addition patrol and enforcement for vagrancy issues like this?

Sports park! We have great weather most of the year and the parks are very well used in this community. I'm always amazed at the amount of people playing basketball at Julian Fischer park, or Tennis at Recreation Park during the week. I feel that soccer and baseball fields are needed to support the growing youth population.

Q3

What other public facility or community needs that should to be considered, if any? Please describe below.

Improve the baseball fields around Monrovia. I have field envy over the beautiful park being built on 2nd street in Arcadia. Why can't we have more parks like this. At the very least, we should improve the Mybl baseball fields that we presently use. The fields at Santa Fe and Plymouth are embarrassing! Uneven infield, lumpy and crab grass out field- and most importantly- let's get some lights on these fields already!!! If we can't add a word class field like they are doing in Arcadia, then let's install lights on the fields at Santa Fe and Plymouth!!

Q3

What other public facility or community needs that should to be considered, if any? Please describe below.

Reducing utility bills with Measure K funds is not an appropriate use of those funds. It is going down the Prop 13 road and in the long run causes more problems for home owners. Utility costs are best addressed on a larger level such as water districts for water. My Opinion

Q3

What other public facility or community needs that should to be considered, if any? Please describe below.

Some of the items in #1 overlap!!

What about a Senior Center?? Sierra Madre, Arcadia, Altadena, Duarte, etc. etc. all have SEPARATE centers and programs at little or no cost that far exceed anything Monrovia has.

How did this city get such a low credit rating?? Work toward management and leadership for a balanced budget with reserves.

Not sure why city codes are not fully enforced on community property like parks etc. Are additional personnel required? If so, consider increased funding.

Space was not allotted on this survey for other comments. Customer Service in a number of city departments has been poor. Maybe some feedback mechanism or surveys are needed here -- and a change in attitude and/or personnel.

Thank you.
