Hello,
Please read my comments for Agenda number AR-2 for 12/21/21
Karen Suarez
Monrovia

This is not money well spent on a ballot measure.

The people should have the power to elect the Mayor position in Monrovia. I know those in favor of rotating positions will argue the people will have the say on it. My opinion is: I will be disappointed with the current elected leadership that is pushing to take away the valuable voice of the people to elect the Mayoral leadership position. We don't need any more insider power grabs with the council picking the Mayor spot. It may work out ok, it could also play into clicks, corruption, and favoritism.

Thank you

Good Morning Alice,

I want to weigh in and voice my DIS-approval of eliminating mayoral elections in Monrovia and moving to a rotating mayor among the council members. I believe the majority of Monrovia value the option of choosing their mayor. I also believe that not every council member would have the desire to handle mayoral responsibilities and I suspect there may be problems with continuity with the changing of the guard each year and decision making each year as the annual rotation nears.

Thank you,
Phil Tiffany
