

Summary of public comments for Development Review Committee meeting on January 19, 2022

Name	Subject	Comment Summary or Full Comment if brief
Brain Yamaguchi	Public Comment with concerns for Agenda Item AR2022-0002	<p>Writes in to support the proposed new wireless telecommunications tower and states that he proposal would:</p> <ul style="list-style-type: none"> <li>· Eliminate the ugly Sprint shroud enclosure at the base of the current tower</li> <li>· Move the tower farther south from Huntington Drive</li> <li>· Modernize and improve cell coverage and capacity for T-Mobile customers.</li> </ul>
Brain Yamaguchi	Public Comment in support of Agenda Item AR2022-0003	<p>Notes that the renderings in the application show the use of many non-native palm trees and suggests that there is growing sentiment within the community that would favor use of trees that provide more shade and are indigenous to Monrovia like oaks. Furthermore, he suggests that the project incorporate smart street elements along Duarte Road like the tree basins that the MODA project used along Pomona Avenue.</p>

Dear Committee Members,

I support the proposed new wireless telecommunications tower. The proposal would:

- Eliminate the ugly Sprint shroud enclosure at the base of the current tower.
- Move the tower farther south from Huntington Drive.
- Modernize and improve cell coverage and capacity for T-Mobile customers.

Sincerely,  
Brian Yamaguchi

Dear Committee Members,

The artist renditions in the application show the use of many non-native palm trees. I would like to suggest to the developer and landscape architect that there is growing sentiment within the community that would favor use of trees that provide more shade and are indigenous to Monrovia like oaks.

I also would prefer that the project incorporate smart street elements along Duarte Road like the tree basins that the MODA project used along Pomona Avenue.

Sincerely,  
Brian Yamaguchi
