

July 19, 2022

Dear Honorable members of the Monrovia city council,

On the agenda this evening is a discussion for a possible appointment to the council.

I wanted to be there in person, but unfortunately my schedule did not allow me to be in 2 places at once.

The issue before the council is very important and one I know each of you will deliberate with the best possible outcome for our city. That is a given.

Part of what I would like you to know is I have been in your shoes, and in your, seat concerning this very same issue. There will be no shortage of advice from people who are looking to help sway your decision one way or the other, and I am no different.

You will likely here the words "will of the people" with respect to the election outcome. I assure you the "will of the people" was heard loud and clear by you who sit on the dias. There were very clear rules on the ballot which stipulated just how many votes for each position a voter was allowed to cast. One vote for mayor, and two votes for city council. A few days ago the "will of the people" was carried out when Mayor Shevlin , and Councilmembers Spicer and Dr. Kelly were sworn into office. That was the will of the people.

All other candidates who were not elected, no matter how many votes they received, can argue they were somehow intended to become a part of the council body.

That decision is now left up to you all. The burden of office starts now. As I'm sure, the city attorney has laid out the options based on state law. I would suggest we not go through the added expense of a special election. In the uncertain times ahead every dollar in the treasury needs to be maximized to the highest and best use for the community. Running a very expensive election on the heels of an election that is barely 6 weeks old may not be the wisest use of funds. Given this I would hope the council would use the power, given to you by law, and appoint a member of the public for the remaining term vacated by Mayor Shevlin.

If appointment is the direction the council chooses I would like to recommend Sergio Jimenez. Sergio has dedicated a tremendous amount of his adult life helping to make the lives of Monrovia's better. Sergio has been a servant leader for years. He has helped keep Monrovia's past protected by being a member of the Historic Preservation Commission where his record is proof of his dedication to Monrovia's architectural history. He serves with the Volunteer Center for the San Gabriel Valley, and serves with the Monrovia Latino Heritage group. In short, Sergio did not show up a few months before an election and offer his services. Instead he, and his family, showed up generations ago and have volunteered and served our community helping to make Monrovia the place we all call home.

Thank you for your time,

Respectfully,

RECOMMENDATION OF SASHARY ZAROYAN FOR APPOINTMENT TO CITY COUNCIL

Dear Mayor Shevlin & Honorable Councilmembers:

It is with great pleasure that I write on behalf of Sashary "Sasha" Zaroyan, who has applied for your consideration for appointment to the city council seat vacated by Mayor Shevlin upon her election as Mayor.

I know Sasha to be a very bright and hardworking young man who possesses a deep passion for his community and for public service. As you are well aware, he was raised in Monrovia and is the product of the local schools. With an undergraduate degree in political science and a graduate degree in public administration, he possesses a strong grasp of local governance.

Sasha's work on behalf of mental health has earned him recognition for effective research-based strategies that improved the emotional and mental health of students. He continues his efforts in this discipline on behalf of the homeless and issues that challenge municipalities throughout Los Angeles County. His skill set would definitely be an asset as a member of the City Council.

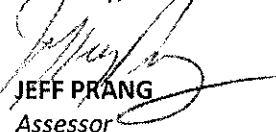

Importantly, with the most recent election occurring just over a month ago, in which Sasha finished strongly in third place, the will of the voters seems to have been clearly expressed in favor of Sasha as the next highest vote-getter.

Having previously served nearly 18 years as Mayor and Councilmember for the City of West Hollywood, I have seen in Sasha the capacity to be a dedicated and outstanding leader. He possesses the integrity, judgement and maturity needed to work with the entire council, staff and community. I have no doubt that he will work to ensure that the citizens of Monrovia enjoy a safe community with high quality public services.

Therefore, I am proud to add my voice to what is certain to be a chorus of praise on his behalf and respectfully offer my enthusiastic endorsement of Sasha's application for appointment to the vacant City Council seat.

Please do not hesitate to contact me should you have any questions.

Sincerely,

JEFF PRANG

Re: Appointment to Fill Vacancy on Monrovia City Council

Dear Mayor Shevlin and Members of the City Council:

I write in steadfast support of Sashary Zaroyan, who garnered the third-most votes in the June 2022 election for Monrovia City Council and has applied for your consideration for appointment to the currently vacant city council seat.

Sasha has clearly demonstrated that he has the mandate from the city – earning nearly 20% of the votes cast in this recent election. He is a dedicated and committed advocate, not just for Monrovia, but for students, the unhoused, those struggling with mental health challenges, and so many more. In his service, Sasha has secured millions in grants to address the needs of the unhoused, expanded mental health resources for students within Monrovia Unified, and advocated for policy change in Sacramento on a range of issues, from child welfare to housing.

He has a strong reputation of being an effective leader – with the integrity, conviction, and passion that I have no doubt will serve Monrovia well. Now, more than ever, we need young, diverse voices in leadership. As the youngest person currently elected to my governing board, I recognize how different perspectives can not only better inform the decisions we make, but more importantly, strengthen our communities as a whole.

It is with great pride that I write to you in support of Sasha – we are lucky to have such a bright, hard-working leader in the San Gabriel Valley and in Los Angeles County, and I am certain he is the right choice to fill this vacancy on the council.

Sincerely,

Alton Wang

Re: Recommendation of Sashary Zaroyan for Appointment to City Council

Dear Mayor Shevlin & Honorable Councilmembers:

It is with great pleasure that I write in support of Sashary "Sasha" Zaroyan, for your consideration for appointment to the City Council seat vacated by Mayor Shevlin upon her election as Mayor.

Sasha is a life-long Monrovia who has a deep passion for serving the community and his experience advocating for Monrovia students and families makes him an excellent choice for the Monrovia City Council. As the founder of Healing Connections, Sasha worked with school administrators, mental health agencies and community leaders to expand mental health services at the Monrovia Unified School District. He later advocated for additional mental health resources at schools across the state by going to Sacramento and pushing for policy changes as a Statewide Advocacy Coordinator for the National Alliance on Mental Illness. Today, he has taken his experience in developing effective researched based strategies that improve mental health for students and applying that skillset to help address the homelessness issue affecting communities across all of Los Angeles County.

Most recently, Sasha sought to serve his community by running for a seat on the Monrovia City Council in the June 2022 elections. Sasha finished strongly in third place and the voters have clearly expressed their support for his vision by making him the next highest vote-getter.

Having served in variety of different capacities over the years, including as Mayor and Councilmember for the City of Monterey Park, I know how important it is to have a diverse set of views on the City Council. As a young leader who has experience working with a large cross-section of people to tackle difficult issues, Sasha will bring a much-needed voice to the council that represents the future of our communities.

I am therefore proud to add my voice of support and respectfully offer my endorsement of Sasha's application for appointment to the vacant City Council seat.

Please do not hesitate to contact me should you have any questions.

To Whom This May Concern,

In the recent city election, my choice for City Council was Mr. Sasha Zaroyan. Unfortunately, he did not make the 2 top spots. However, he IS the candidate with the next highest votes. Which means that many Monroviaans want him in office to help elicit change for the better in our community.

As I understand it, the candidate with the next highest votes may or may not necessarily be chosen. Here are my reasons why I would like Mr. Zaroyan to be strongly considered:

1. Logically, the amount of votes should dictate that he would be next in line. To not do so could raise doubts about our voting system, and could elicit voter apathy.
2. I feel strongly that a person who knows how to form alliances with other entities that may help our city create its vision for the future is the smartest way to go. We may not have all the answers, or all the resources, but by working together, great things can be accomplished.
3. I believe (due to the Pandemic) mental health/burn-out will become an even bigger issue. Why not be proactive and have that person who has verified experience dealing with mental health issues? Mr. Zaroyan is that man - the other two candidates weren't even close in this regard.
4. And finally, our community is evolving into one with many younger constituents. Having an experienced person on the "younger spectrum" could mean more civic engagement. It would be a WIN/WIN for Monrovia!

Thank you for your time. I sincerely hope that you take my thoughts into account.

As the third-place runner-up, Sashary Zaroyan should be appointed to fill the vacant council seat. I cannot think of anyone more passionate, hard-working, or dedicated to serving and working alongside his community.

I urge you to consider the recent election's democratic process and the will of the people. Please listen to the community's voice and votes by appointing Sashary Zaroyan for the vacancy.

Hello,

On Tuesday, July 19th, 2022 at 7:30 PM, the Monrovia City Council will meet to discuss the appointment of an individual to serve the remainder of Becky Shevlin's two-year term.

In this regard, I strongly encourage the members of the Monrovia City Council to carry out the will of the people and elect Sashary Zaroyan to serve the remainder of Becky Shevlin's two-year term. In the most recent City Council election, Sashary Zaroyan garnered 19.1% of the vote, making him the first runner-up for gaining a seat on the Monrovia City Council.

The people have expressed their will through democratic process. I implore the members of the Monrovia City Council to show faith in the democratic process and act on the will of the people.

Good evening. I wish to submit a comment for the 7/19 Council Meeting, in response to the agenda item to be discussed and specifically the appointment of a Monrovia resident to fill Ms. Shevlin's Council seat for the remainder of her term.

It is my opinion that the only fair and valid appointment would be to appoint the June 2022 primary candidate for the Council who had the highest votes after the two elected candidates. This is my fervent request as a resident of the city.

Thank you.

Hello Monrovia City Council,

When you meet on Tuesday to discuss how to fill the vacancy in Ms. Becky Shevlin's seat, I hope you'll remember the will of the voters, who spoke last month when they turned in their ballots.

In the June 7 election, Sasha Zaroyan earned 19.1% of the vote, making him the first runner-up in the City Council race. That's why I strongly encourage the members of the Monrovia City Council to carry out the will of the people and appoint Mr. Zaroyan to serve the remainder of Becky Shevlin's two-year term.

The voters would like to see Mr. Zaroyan work together with you to address Monrovia's needs. Democracy is a beautiful thing. I ask that you please respect the recent election results, show faith in the democratic process and act on the will of the people.

Several months ago I brought up the subject that when Becky Shevlin's city council seat would be vacated, that it would be a good and fair idea for the city council members to fill her vacancy with the highest runner up in the election. In this case, it is Sasha Zaroyan. The Monrovia voters have spoken. Please fill the vacancy with the people's choice.

Hello,

As a resident and voter in Monrovia for over 15 years, I'm writing to encourage the City Council to appoint Sasha Zaroyan to serve the remainder of Becky Shevlin's two-year term. Of Monrovia's who turned out to vote in the last election, 19% of us voted for Sasha making him the first runner-up.

Knowing Sasha personally, I know that he will be an effective team member who will work well with council members on behalf of the City of Monrovia. I'm excited to see one of Monrovia's own, who grew up here and has both benefited from and contributed back to our community in meaningful ways, step up and take an active role in the city.

I encourage the members of the Monrovia City Council to honor the will of the voters in this election and appoint Sasha Zaroyan to serve the remainder of this term.

Hello!

Congratulations to all the city council members and our new Mayor!

I am writing to you in regards to the vacant seat on the city council as a result of Ms. Shevlin winning the Mayoral election.

Last time I expressed concern to the City Council on a subject in Monrovia was in the 2003 election. The city council had the same decision to make. The city council ended up choosing the 4th runner up over the 3rd runner up.

The choice is very simple, no need to hold a special election or have a discussion between city council members, the people voted, Sasha Zaroyan is the 3rd runner up and is the rightful winner of the election. I am asking the Monrovia City Council to honor the election results and appoint Sasha Zaroyan his rightful place on the city council.

Please consider this my public comment for the upcoming Monrovia City Council Meeting on July 19, 2022.

I am unable to attend City Council Meetings at this time.

However, I trust you will take my opinion into account as a constituent of the The City of Monrovia.

Sashary Zaroyan received the most votes compared to the other candidates and should be elected onto the City Council since Becky Shevlin was elected the Mayor and leaving her council seat created a vacancy.

Electing anyone else in this situation will reek of corruption and cronyism and no one wants that for Monrovia.

Zaroyan will serve us well.

Thank you for your consideration in this matter.

Dear City Council of Monrovia,

My name is Marcial Soto, I am 32 years old and I am a math teacher. I voted for Sashary Zaroyan because I believe he represents Monrovians and their needs.

Today one of my main concerns is affordable housing. My wife and I still cannot afford to buy a home. Everywhere we go in Monrovia housing costs 800k and up. It is sad the my generation and those after me cannot afford a home in our Californian homeland. We instead rent and even that is a pain because rent is so high and keeps going up and up and up. Not to mention we have bills to pay and live by paycheck. It is difficult to save money and we fear our future because we feel all we do is spend on rent and bills. My generation needs representation. This is why I feel Sashary is the best person to help us. He believes in working hard for the people to get access to affordable housing and wants to protect tenants from landlord harassment. Please elect Sachary for the empty council seat.

Thanks,

Marcial Soto

In this regard, I strongly encourage the members of the Monrovia City Council to carry out the will of the people and appoint **Sasha Zaroyan** to serve the remainder of Becky Shevlin's two-year term.
